

## David Wilson

I often feel as though I was born into property management. My parents started Wilson Management Group when I was in middle school, and I learned the property management business from the ground up. As a teenager, I worked for the company doing trash-outs, lawn cleanup & maintenance, painting, and minor repairs to vacant properties. I obtained my real estate license in 1993 and began managing a portfolio of approximately 100 properties. In January 2005 I obtained my real estate broker's license, after which I transitioned out of directly managing a property portfolio and transitioned into overseeing the day-to-day business operations for our company. I assumed full operational responsibility after my parents retired in 2012. My wife Stacy & I purchased the business from them in 2014.

I'm a Charter member (Orlando Chapter) of the National Association of Residential Property Managers (NARPM)

Specialties: Wilson Management Group specializes in the management of long-term, unfurnished, residential homes, condominium units, duplexes, and triplexes for absentee and investor owners/clients.
